>
> Dear YY,
>
> Please find attached spreadsheet for DSS38E(DP3+Dual Derrick) for SeteBR updated for actual Brazilian costing and also the calculation from our last pricing(748.800.000USD) updated used the escalation formula given by PNBV for our guidance.
>
> In the Brazilian costing spreadsheet, 100% of the rig being built in Brazil, no bulk material/equipment was taken into consideration(SG is sourcing for those and shall included vendor assistance for equipments), using dollar exchange rate of 1,55(Ptax today 1,5961), no temporary structure such as Side barges, supports, docking frame and T-barge conversion was included. Man-hours increase due to dual derrick activities and actual KPI from shops. This price does included any profit, contingency, insurance for overall project. There are 14 qualification bellow for your consideration.
> We shall make a conference call tomorrow Singapore time 08 pm, 9 pm Brazilian time to go over our premises.
